Assessment Roll Bylaw No. 52, 2023, groups parcels of land as follows:

Group 1: Each and every parcel of land to which water can be supplied from the existing works of the Lund Waterworks District.

Group 2: Each and every parcel of land which is installed one connection to the existing works of the Lund Waterworks District.

Group 3: Each and every parcel of land which is installed two connections to the existing works of the Lund Waterworks District.

Group 4: Each and every parcel of land which is installed three connections to the existing works of the Lund Waterworks District.

Group 5: Each and every parcel of land which is installed four connections to the existing works of the Lund Waterworks District.

Group 6: Each and every parcel of land which is installed five or more connections to the existing works of the Lund Waterworks District.

Group 7: Each and every parcel of land to which water is supplied from the existing works of the Lund Waterworks District which has a connection size larger than one-and one-half inch (1.5") and smaller than three-inches (3.0").

Group 8: Each and every parcel of land to which water is supplied from the existing works of the Lund Waterworks District which has a connection size three inches (3.0") or larger.

Group 9: Each and every parcel of land within the Lund Waterworks District not classified into Group 1, 2, 3, 4, 5, 6, 7, or 8.
