REGIONAL DISTRICT

SECTION 5.4 **INDIVIDUAL SERVICE POLICIES - SAVARY IS DOCK**
POLICY **5.4.1**
SUBJECT **SAVARY ISLAND DOCK COMMERCIAL USE**
ADOPTED **MAY 27, 2004**

PURPOSE:

To establish consistent criteria for responding to requests by private enterprises to use the Savary Island dock for business purposes.

POLICY:

It is the general policy of the Regional District not to permit private enterprises to install permanent works associated with the operation of their businesses (other than advertising signs) on the Savary Island dock facilities.

Exceptions to this policy may be considered only where the installation of such works would create an extraordinary benefit to a substantial number of Savary Island landowners and residents.

The Savary Island Dock Advisory Committee or, in its absence, another body representing the interests of Savary Islanders shall be consulted before the Regional District will endorse any exception to this policy.
