Management's Responsibility for the Financial Statements

The accompanying financial statements of the qathet Regional District have been prepared in accordance with the Canadian public sector accounting standards and are outlined under significant accounting policies in the notes to the financial statements. Management is responsible for the integrity and objectivity of these statements as well as the supplementary schedules. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management maintains a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the financial statements. Management also maintains a program of proper business compliance. These systems are regularly monitored and evaluated by management.

The Board of Directors is responsible for reviewing and approving the financial statements and for ensuring that management fulfils its responsibility for financial reporting and internal control.

The financial statements have been audited by MNP LLP, independent external auditors appointed by the qathet Regional District. The accompanying Independent Auditor's Report outlines their responsibilities, the scope of their examination and their opinion on the qathet Regional District's financial statements.

Chief Administrative Officer	Chief Financial Officer	

To the Board of Directors of the qathet Regional District:

Opinion

We have audited the financial statements of qathet Regional District (the "Regional District"), which comprise the statement of financial position as at December 31, 2023, and the statements of operations, changes in net financial assets, summary of function balances and accumulated surplus and cash flows for the year then ended, and notes to the financial statements, including Schedules I to IV, and a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Regional District as at December 31, 2023, and the results of its operations, changes in its net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Regional District in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information, comprising the annual report, which is expected to be made available to us after the date of this auditor's report. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error

In preparing the financial statements, management is responsible for assessing the Regional District's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Regional District or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Regional District's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion,
 forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness
 of the Regional District's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Regional District's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Regional District to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1 Summary of Significant Accounting Policies

qathet Regional District ("the Regional District") is a local government in the Province of British Columbia. The Regional District prepares its financial statements in accordance with Canadian public sector standards using guidelines developed by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants.

Following is a summary of the significant accounting policies of the Regional District:

a) Cash and Short Term Investments

Cash and cash equivalents are carried at cost and have a maturity period of less than three months.

b) Revenue Recognition

Revenues are recognized in the period in which transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis.

Interest and operating grants are recognized as earned. Grants in lieu of taxes are recorded on an accrual basis when it is possible to reasonably estimate the amounts receivable. User fees, transit fares, airport hangar lease fees, water and sewer user fees, camping, parking and tipping fees are recognized as revenue on an accrual basis according to rates set in various fees and charges bylaws.

Revenue related to fees of services received in advance of the fee being earned or when the service is performed is deferred and recognized when the fee is earned or the service performed.

Taxation

Property taxes in the form of local government requisitions are recognized as revenue in the year they are levied.

Development Cost Charges

Receipts which are restricted by the legislation of senior government are reported as Development Cost Charges liability at the time they are received. When qualifying expenditures are incurred, Development Cost Charges are brought into revenue as Development revenue.

Cemetery Operations

Revenue from the sale of reserved plots is considered revenue in the year received. Any refunds which may be applied for in the future will be considered an operating expenditure of that year.

b) Revenue Recognition (continued)

Government Transfers

Government transfers, are recognized as revenue in the financial statements when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue if the transfer stipulations give rise to a liability. The transfer revenue is recognized in the statement of operations as the stipulated liabilities are settled.

When the Regional District is deemed the transferor, the transfer expense is recognized when the recipient is authorized and has met the eligibility criteria.

The most significant government transfers relate to the Community Works Fund. These funds are recognized as revenue in the year the funds are received.

c) Accrued Employee Benefits

Based on obligations as determined by collective agreement and Board policy, employee benefit accruals, which includes allowance for vacation entitlement, banked time and sick day accruals, are recorded in the year in which they are earned.

d) Tangible Capital Assets

Tangible capital assets are recorded at cost less accumulated amortization. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed tangible capital assets are recorded at fair value at the time of the contribution, with a corresponding amount recorded as revenue. Amortization is recorded on a straight-line basis over the estimated life of the tangible capital asset commencing once the asset is put into use.

Estimate useful lives of tangible capital assets are as follows:

Land improvements	10 to 50 years
Parks infrastructure	35 years
Buildings	20 to 50 years
Machinery and equipment	5 to 35 years
Vehicles	10 to 30 years
Water systems	10 to 80 years
Sewer systems	10 to 80 years
Structures (docks and sheds)	40 to 50 years
Asset Retirement Obligations	28 years

e) Interest on Debt

Interest on debt of the Regional District is recorded on the accrual basis.

f) Financial Instruments

The Regional District recognizes its financial instruments when the Regional District becomes party to the contractual provisions of the financial instrument. All financial instruments are initially recorded at fair value.

At initial recognition, the Regional District may irrevocably elect to subsequently measure any financial instrument at fair value. The Regional District has made such an election during the year.

The Regional District subsequently measures investments in equity instruments quoted in an active market and all derivative instruments, except those that are linked to, and must be settled by delivery of, unquoted equity instruments of another entity, at fair value. Fair value is determined by published price quotations. Transactions to purchase or sell these items are recorded on the trade date. Net gains and losses arising from changes in fair value are recognized in the statement of remeasurement gains and losses. Interest income is recognized in the statement of operations. Investments in equity instruments not quoted in an active market and derivatives that are linked to, and must be settled by delivery of, unquoted equity instruments of another entity, are subsequently measured at cost. With the exception of those instruments designated at fair value, all other financial assets and liabilities are subsequently measured at amortized cost using the effective interest rate method.

Transaction costs directly attributable to the origination, acquisition, issuance or assumption of financial instruments subsequently measured at fair value are immediately recognized in operating annual surplus. Conversely, transaction costs are added to the carrying amount for those financial instruments subsequently measured at cost or amortized cost.

All financial assets except derivatives are tested annually for impairment. Any impairment, which is not considered temporary, is recorded in the statement of operations. Write-downs of financial assets measured at cost and/or amortized cost to reflect losses in value are not reversed for subsequent increases in value. Reversals of any net measurements of financial assets measured at fair value are reported in the statement of remeasurement gains and losses.

The Regional District has not presented a statement of remeasurement gains and losses as it does not have any items giving rise to remeasurement gains (losses).

g) Non-Financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

h) Use of Estimates

The preparation of financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported results could differ from management's best estimates as additional information becomes available in the future. Areas requiring the greatest degree of estimation include useful life of tangible capital assets and asset retirement obligations.

A liability for asset retirement obligation(s) reflects management's best estimate of the amount required to retire the related tangible capital asset (or component thereof). The best estimate of the liability is based upon assumptions and estimates related to the amount and timing of costs for future asset retirement.

Changes to the underlying assumptions and estimates or legislative changes in the near term could have a material impact on the provision recognized.

i) Asset Retirement Obligations

A liability for an asset retirement obligation is recognized at the best estimate of the amount required to retire a tangible asset (or component thereof) at the financial statement date when there is a legal obligation for the Regional District to incur retirement costs in relation to a tangible capital asset (or component thereof), the past transaction or event giving rise to the liability has occurred, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount can be made. The best estimate of the liability includes all costs directly attributable to asset retirement activities, based on information available at December 31, 2023. The best estimate of an asset retirement obligation incorporates a present value technique, when the cash flows required to settle or otherwise extinguish an asset retirement obligation are expected to occur over extended future periods.

When a liability for an asset retirement obligation is initially recognized, a corresponding asset retirement cost is capitalized to the carrying amount of the related tangible capital asset (or component thereof). The asset retirement cost is amortized over the useful life of the related asset.

At each financial reporting date, the Regional District reviews the carrying amount of the liability. The Regional District recognizes period-to-period changes to the liability due to the passage of time as accretion expense. Changes to the liability arising from revisions to either the timing, the amount of the original estimate of undiscounted cash flows or the discount rate are recognized as an increase or decrease to the carrying amount of the related tangible capital asset.

The Regional District continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made.

j) Contaminated Sites

The Regional District is required to accrue a liability for the costs to remediate a contaminated site. Liabilities are recognized when an environmental standard exists, contamination exceeds the standard, the government has responsibility for remediation, future economic benefits will be given up and a reasonable estimate can be made.

Management has assessed its potential liabilities under the standard including sites no longer in productive use and sites for which the Regional District accepts responsibility. There were no such sites that had contamination in excess of an environmental standard which required remediation, therefore no liability exists at December 31, 2023.

2 Change in Accounting Policies

Asset Retirement Obligations

Effective January 1, 2023, the Regional District adopted the Public Sector Accounting Board's (PSAB) new standard for the recognition, measurement and disclosure of a liability for asset retirement obligations under PS 3280 Asset Retirement Obligations. The new standard establishes when to recognize and how to measure a liability for an asset retirement obligation, and provides the related financial statement presentation and disclosure requirements.

Previously, the Regional District recorded the provision for post closure care and monitoring of the Lasqueti Island Landfill in accordance with PS 3270 *Solid Waste Landfill Closure and Post-Closure Liability*, which requires recognition of a liability for closure and post-closure care as the site capacity is used and is equal to the proportion of the estimated total expenditure required for closure and post-closure care. Under the new standard, a liability for an asset retirement obligation is recognized at the best estimate required to retire a tangible capital asset when certain criteria are met.

The application of the new standard resulted in an asset retirement obligation being recoded in the financial statements for those arising on or after January 1, 2023, as well as for those arising prior to January 1, 2023 but for which an obligation was not previously recognized. In addition, previously recognized asset retirement obligations have been adjusted to reflect the requirements in this standard. The new standards have been applied prospectively to these financial statements.

Financial Instruments

Effective January 1, 2023, the Regional District adopted the Public Sector Accounting Board's (PSAB) new recommendations for the recognition, measurement, presentation and disclosure of financial assets, financial liabilities and derivatives, under Section PS 3450 *Financial Instruments*. The new Section is applied prospectively, and prior periods have not been restated. There was no material impact on the financial statements form the prospective application of the new accounting recommendations.

3 Municipal Finance Authority Reserve Deposits and Demand Notes

The Regional District issues its debt instruments through the Municipal Finance Authority of BC. As a condition of these borrowings, a portion of the debenture proceeds are withheld by the Municipal Finance Authority of BC as a debt reserve fund and totals \$76,982 (2022 - \$20,766). The Regional District also executes demand notes in connection with each debenture totaling \$166,080 (2022 - \$32,923) whereby the Regional District may be required to loan certain amounts to the Municipal Finance Authority of BC. Debt reserve funds are also held on behalf of the City of Powell River and total \$1,045,094 (2022 - \$880,593). All amounts related to the reserve deposits and demand notes are disclosed here and not recorded elsewhere in these financial statements.

4 Cash and Short-Term Investments

	 2023	 2022
Cash accounts (4.80%)	\$ 7,688,332	\$ 3,005,479

Cash and short-term investments	\$ 17,101,961	\$ 13,251,047

5 Capital Financing and Short Term Debt

The total equipment financing outstanding with the Municipal Finance Authority of British Columbia as at December 31, 2023 was \$769,867 (\$818,343 - 2022).

The qathet Regional District has entered into equipment financing loans for the following:

- 1) A five year equipment loan agreement with the Municipal Finance Authority of British Columbia which commenced October 27, 2016 for the purchase of a Malaspina Volunteer Fire service fire truck. The debt was refinanced for a further five years on November 1, 2021. The remaining obligation will be repaid with monthly loan payments in the amount of \$3,854 including interest at a daily varying rate. The balance of the loan at December 31, 2023, which is included in equipment financing, is \$214,217 (2022 \$248,371). Loan to expire October 31, 2026.
- 2) A five year equipment loan agreement with the Municipal Finance Authority of British Columbia which commenced December 21, 2018 for the initial payment on the purchase of two apparatus for the Malaspina Volunteer Fire service. The remaining obligation will be repaid with monthly loan payments in the amount of \$1,813 including interest at a daily varying rate. The balance of the loan at December 31, 2023, which is included in equipment financing, is \$219,989 (2022 \$226,491). Loan to expire December 31, 2028.

5 Capital Financing and Short Term Debt (continued)

3) A five year equipment loan agreement with the Municipal Finance Authority of British Columbia which commenced December 31, 2019 for the balance of the purchase of two fire apparatus for the Malaspina Volunteer Fire service. The remaining obligation will be repaid with monthly loan payments in the amount of \$2,139 including interest at a daily varying rate. The balance of the loan at December 31, 2023, which is included in equipment financing, is \$335,662 (2022 - \$343,481). Loan to expire December 31, 2024.

The daily varying interest rate on the financing at December 31, 2023 was 5.74% (2022 - 4.77%).

Future loan payments on Regional District equipment financing, subject to anticipated refinancing at loan maturities, are as follows:

2024	\$ 90,246
2025	90,246
2026	90,246
2027	90,246
2028	72,706
2029 and Beyond	 336,177
	\$ 769,867

Short-Term Debt

The total short-term financing outstanding with the Municipal Finance Authority of BC (MFA) as at December 31, 2023 was \$5,677,167 (2022 - \$1,549,430). This borrowing is interim financing and \$4,950,667 of it is projected to be converted to long term debt in 2024. Borrowing of \$726,500 is projected to be repaid over a period of five (5) years. Interest on the debt is charged at daily varying rates. The MFA's short-term rate was 5.61% at December 31, 2023. The full amount borrowed must be repaid within five (5) years.

Future loan payments on short term debt are projected as:

2024		\$ 5,130,667
2025		190,000
2026		200,000
2027		156,500
2028	_	\$ 5,677,167

	\$ 6,938,494	

7 Asset Retirement Obligations

The Regional District ceased taking waste at the Lasqueti Island Landfill and closure of the site was completed in 2021. A technical analysis projects that the landfill will need to be monitored until 2045. Post closure monitoring costs are estimated at \$11,200 per year from 2024 through 2045. Total post closure monitoring costs at December 31, 2023 are estimated at \$315,431 (2022 - \$613,791).

The total liability for post closure care and monitoring presented is based on the present value of the closure and post closure monitoring costs using a discount rate of 3.03%. The discount rate is based on the average change in the Consumer Price Index from 2019 though 2023. As at December 31, 2023 the present value of the post closure monitoring is estimated at \$212,281 (2022 - \$224,917) and this amount has been set aside in reserves for that purpose.

The Regional District also has a number of assets that contain, or are suspected to contain, hazardous materials and the Regional District is legally required to properly dispose of the assets, or asset components, upon their retirement. The Regional District recognized a liability for the asset retirement obligation and a corresponding amount has been capitalized as an asset retirement cost and added to the carrying value of the assets. The asset retirement cost is amortized on a straight-line basis over the useful life of the assets.

7 Asset Retirement Obligations (continued)

The Regional District estimated the amount of the liability using undiscounted future expenditures estimated to retire the tangible capital assets. The significant assumptions used to determine the best estimate of the liability include:

- Information for each asset with a potential ARO was compiled including: the estimated cost of ARO remediation, the age (or purchase date) of the asset, the useful life for depreciation purposes, the expected ARO obligation year.
- As management does not have plans to retire the assets the undiscounted estimated retirement cost was used.
- Estimates of costs to remediate the assets were derived from publicly available cost estimates, adjusted for the Regional District's location and distance from disposal sites.

8 The North Island 9-1-1 Corporation

The 911 emergency dispatch service is provided by the North Island 9-1-1 Corporation which is owned by the Regional Districts of Comox Valley, Nanaimo, Strathcona, Alberni Clayoquot, Mount Waddington and qathet. The shares in the corporation are held as follows:

Alberni Clayoquot 13.64 shares
Comox Valley 31.26 shares
Mount Waddington 3.53 shares
Nanaimo 24.33 shares
qathet 8.42 shares
Strathcona 18.82 shares

9 Septage Sludge Disposal

The Regional District has contracted with the City of Powell River in order to allow use of their sewage lagoon for the disposal of septage and sewage sludge generated in electoral area A-D until 2025. The agreement required an up-front payment of \$509,000 in 2005 and contains further commitments of the Regional District as set out in Note 11.

10 Pension Plan

The qathet Regional District and its employees contribute to the Municipal Pension Plan (a jointly trusteed pension plan). The Board of Trustees, representing plan members and employers, is responsible for administering the plan, including investment of assets and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2022, the plan has about 240,000 active members and approximately 124,000 retired members. Active members include approximately 43,000 contributors from local governments.

Every three years, an actuarial valuation is performed to asses the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent valuation for the Municipal Pension Plan as of December 31, 2021, indicated a \$3,761 million funding surplus for basic pension benefits on a going concern basis.

The next valuation will be as at December 31, 2024, with results available in 2025.

Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

The Regional District paid \$215,220 (2022 - \$163,770) for employer contributions while employees contributed \$199,037 (2022 - \$151,457) to the plan in fiscal 2023.

11 Commitments

The Regional District has the following commitments:

A waste handling service at an estimated cost of \$300,000/year until June 30, 2024.

A waste transport service at an estimated cost of \$611,000/year until June 30, 2026.

A waste transport and disposal service at an estimated cost of \$802,000/year until December 31, 2023 with automatic renewal for successive three year periods until cancelled with notice.

A recycling depot operating contract at an estimated cost of \$208,000/year until October 31, 2024 with a guarantee that the cost of transportation shall not exceed exceed a total of \$100,000 per year.

A septage sludge disposal service with payments of \$13,500/year until 2025 with annual cost of living indexing until cancelled with notice.

11 Commitments (continued)

A contribution to the SPCA of \$97,811/year with annual cost of living indexing until cancelled with notice.

An agreement with an estimated annual cost of \$125,303 for the maintenance and operation of Shelter Point Regional Park until March 31, 2025.

An agreement with an estimated annual cost of \$260,000 toward operation of the Heritage Conservation service with no stated termination date.

An agreement for a funding contribution of approximately \$177,000/year toward operation of the Powell River Recreation Complex with no stated termination date.

An agreement with an estimated remaining cost of \$1.7 million for construction management and construction of the Resource Recovery Centre and Commercial Transfer Station at the historical incineration site on Marine Avenue in Powell River, BC.

An agreement with an estimated cost of \$39,000/year for the collection and transportation of Lasqueti Island's residual waste with an expiry date of December 31, 2025.

An agreement with an estimated cost of \$152,422/year for operation of the paratransit service with an expiry date of March 31, 2024.

An agreement with an estimated cost of \$464,465/year for the provision of a library service with no stated termination date.

An agreement with an estimated cost of 234,272 for the provision of 911 services in the qathet region for the year 2024.

An agreement with an estimated cost of \$199,875 for the Community Wildfire Resilience Plan with an expiry date of February 28, 2025.

An agreement with an estimated cost of \$252,307 for the installation of Myrtle Pond water system infrastructure with an expiry date of December 31, 2024.

12 Contingent Liabilities

There is a lawsuit pending against the Regional District. It is the opinion of management that the amount of settlement for this claim cannot be reasonably estimated, nor can the likelihood of its outcome be known at this time. The final determination of this claim is not expected to materially affect the financial position of the Regional District. Any ultimate settlement will be recorded in the year the settlement occurs.

13 Equity in Tangible Capital Assets

	 2023	 2022
Equity in tangible capital assets, beginning of year	\$ 21,212,154	\$ 19,291,007
Tangible capital assets additions	15,740,716	4,037,229
Amortization of tangible capital assets	(1,102,101)	(916,108)
Asset retirement obligations recognized	(1,306,734)	-
Additions funded by debt and equipment financing	(9,627,737)	(1,410,695)
Long-term debt payments	56,059	41,394
Short-term debt payments	48,475	171,181
Capital assets disposal	(353,037)	(1,853)
Equity in tangible capital assets, end of year	\$ 24,667,795	\$ 21,212,154

14 Accumulated Surplus

The Regional District segregates its accumulated surplus into the following categories: function balances, provisions for future expenditure (both capital and operating), equity in tangible capital assets, reserve funds and unspent capital funds.

	 2023	 2022
Function balances	\$ 898,562	\$ 736,273
Waste Management Reserve	604,975	715,482
Reserve for future expenditures	7,461,152	5,312,858
Statutory Reserve fund	6,400,422	5,667,365
Equity in Tangible Capital Assets (Note 13)	 24,667,795	 21,212,154
	\$ 40,032,905	\$ 33,644,131

The equity in tangible capital assets represents amounts already spent and invested in infrastructure and other tangible capital assets.

Statutory Reserve funds represent funds set aside by bylaw or board resolution for specific purposes. Details of reserve funds are shown below:

Represented by:	2023	2022
Texada Medical Clinic capital reserve	\$ 131,966	\$ 99,044
Malaspina Volunteer Fire capital reserve	363,816	324,429
Malaspina Volunteer Fire capital reserve #2	456,836	334,322
Lasqueti Island Volunteer Fire capital reserve	344,854	328,423
Northside Volunteer Fire capital reserve	529,237	430,703
Savary Island Volunteer Fire capital reserve	589,162	406,408
Lund Sewer capital reserve	114,401	97,899
Texada Recreation Commission capital reserve	259,192	234,425
Community Works Fund reserve (Note 15)	1,763,376	1,844,102
Feasibility Studies reserve	39,998	38,127
Community Parks Acquisition reserve	755,047	719,730
Myrtle Pond Water System reserve	281,274	252,545
General Administration reserve	143	137
Regional Parks Acquisition reserve	 771,120	 557,072
	\$ 6,400,422	\$ 5,667,365

15 Community Works Fund

The Regional District has transferred the unspent Community Works funds to a reserve and continues to track the unspent amounts in the Fund. The continuity of the fund is presented in the table below:

	 2023	 2022
Community Works Fund Reserve, opening balance	\$ 1,844,102	\$ 1,589,306
Amount received during the year	377,206	361,429
Interest earned	 95,883	 21,008
	2,317,191	1,971,743
Less: Amount spent	 (553,815)	 (127,641)
Community Works Fund Reserve, closing balance	\$ 1,763,376	\$ 1,844,102

16 COVID-19 Safe Restart Grant

The Regional District received a grant of \$424,000 in 2020 and further grant funding of \$117,000 in 2021 under the COVID-19 Safe Restart Grant for Local Governments. Unspent funds have been transferred to a reserve for future expenditure. The continuity of the funding is presented in the table below:

		2023	2022
COVID-19 Safe Restart Grant, opening balance	\$	11,602	\$ 22,716
Interest earned		569	 224
		12,171	22,940
Eligible costs incurred:			
Facility Reopening and Operating Costs		-	(11,338)
Total eligible costs incurred		-	 (11,338)
COVID-19 Safe Restart Grant, closing balance	_\$	12,171	\$ 11,602

17 Growing Communities Fund

The Regional District received a grant of \$1,367,000 in 2023 through the BC Growing Communities Fund for Local Governments. Unspent funds have been transferred to a reserve for future expenditure. The continuity of the funding is presented in the table below:

	2023
Growing Communities Fund, opening balance	\$ -
Amount received during the year	1,367,000
Interest earned	56,016
	1,423,016
Less: Amount spent	-
Growing Communities Fund, closing balance	\$ 1,423,016

18 Budget Figures

Budget Figures represent the Financial Plan Bylaw No. 586, 2023 adopted by the Board on February 22, 2023.

The financial plan bylaw was prepared on a modified accrual basis while Canadian public sector accounting standards require financial statements to be prepared on a full accrual basis. The financial plan anticipated use of surpluses accumulated in prior years to reduce current year expenditures in excess of current year revenues. In addition, capital acquisitions were recognized as expenditures in the financial plan rather than including amortization expense.

The summary below reconciles the 2023 adopted financial plan to the financial statement budget figures:

	 2023
Financial plan bylaw, surplus for the year	\$ -
Less:	
Prior year surplus	(674,773)
Proceeds from new debt	(12,111,000)
Transfers to / from own funds	(1,979,096)
Add:	
Capital expenditures per budget	20,299,092
Repayment of debt	128,528
Adjusted Annual Surplus	\$ 5,662,752

19 Employee Benefit Obligations

qRD employees are allowed up to nine (9) sick days per year. In 2019 the union contract was amended to allow employees to carry over and to bank up to thirty (30) days. The sick days may be used to bridge to weekly indemnity or to top up weekly indemnity to one hundred (100) percent. Sick day accruals will not be paid out at retirement or termination of employment. The amount recorded for this benefit is based on cost at the time the benefit was accrued.

During 2023 the qathet Regional District recorded a liability of \$117,565 (2022 - \$96,155) for employee sick leave. This liability is included in accounts payable on the Statement of Financial Position.

20 gathet Regional Hospital District

The board members of the qathet Regional District sit on the board of the qathet Regional Hospital District. The qathet Regional District and the qathet Regional Hospital District are separate legal entities as defined by separate letters patent and authorized by separate legislation.

During 2023, administrative support services supplied to the qathet Regional Hospital District by the qathet Regional District totalled \$100,000 (2022 - \$100,000).

21 Financial Instruments

The Regional District, as part of its operations, carries a number of financial instruments. It is management's opinion that the Regional District is not exposed to significant interest, currency or credit risks arising from these financial instruments except as otherwise disclosed.

22 Segmented Information

The qathet Regional District is a diversified local government providing a wide range of services to approximately 20,000 residents, including parks, community halls, fire protection, waste management and water and wastewater services. As a requirement of the *Local Government Act*, separate financial records must be maintained for each service providing detailed allocations of assets and liabilities, revenues and expenses, information concerning reserve funds and other pertinent financial details. For each reported segment, revenues and expenses represent amounts that are directly attributable to the segment and also amounts that are allocated on a reasonable basis.

Segmentation has been determined on a functional basis with consideration to service delivery and departmental accountabilities. The following is a description of the types of services included in each of the main service segments of the regional district's financial statements. A detailed summary of the 2023 revenues and expenses can be found in Schedule III of the accompanying financial statements. Schedule IV contains comparative figures for the year ended December 31, 2022.

General Government

General government is comprised of the member municipality and electoral area governance, general administration which includes legislative services, finance, human resources and information systems, electoral area administration, grants in aid and house numbering services.

Development Services

Provides land use planning services to electoral area A, B, C and D. Processes provincial land use and development referrals to determine whether proposed applications comply with the qathet Regional District bylaws and policies. Provides support for initiatives that enhance economic development and social planning within the region.

Solid Waste Management and Recycling

Solid waste management and recycling is responsible for long term planning and management of solid waste throughout the region. The service provides for waste reduction and education programs and operation of the regional district's transfer stations and recycling centres.

Other Services

Other services provides for feasibility studies, operation and maintenance of two cemeteries (Powell River and Woodland), the Texada Island Airport, Savary Island Marine facilities, the Van Anda dock and Lasqueti Island ramp. The services also provide for contributions toward the animal shelter and the operation and maintenance of a septage disposal facility,

22 Segmented Information (continued)

Parks and Recreation

Parks and recreation services provide for the acquisition, development, operation and maintenance of land, buildings, facilities and outdoor spaces to foster recreational activities throughout the region.

Protective services

Protective services provides for the coordination of emergency planning, preparedness, training, response, and recovery for all areas within the region. Services include the operation and maintenance of four volunteer fire departments, provides for road rescue grants, and the 9-1-1 emergency answering service.

Public Health and Welfare

Supports the function of acquiring, operating and maintaining a medical clinic on Texada Island and provides for a contribution toward operation of a health centre on Lasqueti Island.

Transportation Services

Transportation services include the Rural Paratransit service - an agreement between the regional district and BC Transit Authority.

Water Service

Supports the operation and maintenance of the Myrtle Pond Water system within a subset of Electoral Area R

Sewer Service

Supports the operation and maintenance of the Lund Sewer system within a subset of Electoral Area A.
