Malaspina Volunteer Fire Department

Malaspina Recruitment

For 50 years, the Malaspina Volunteer Fire Department (MVFD) has grown to serve the increasing needs of the community. With dedication and training, MVFD members strive for excellence and quality care in assisting the public.

If you have a desire to be part of something bigger, to foster your own sense of community, and to be a team member, then MVFD is looking for you!

At this time, we are recruiting members to fulfil the needs of the area and to look toward the future. Our service area is from the City of Powell River's boundaries south to 1.3 km past Roberts Road.

Make a Difference!

Volunteer firefighters and first responders play a vital role in protecting the community. The community relies on volunteer firefighters to help in times of crisis and sometimes even in tragedy.

As a Malaspina VFD member, you are a part of a challenging and rewarding team. The role is physically and mentally demanding, but it also offers a sense of accomplishment and personal satisfaction.

Becoming a volunteer firefighter or first responder is a great way to support your community, build a resume, and most importantly to make a difference!
